PRELIMINARY AMENDMENT

Dear Sir:

Please amend the application as follows:

IN THE CLAIMS

Please add the following new claims:

-9. (Newly added) An optical device comprising:

an imaging device for imaging an incident beam on a focal surface; and

a flexible sensor array formed to a shape of said focal surface by fixing at least a portion of said sensor.

10. (Newly added) The optical device of claim 9, wherein said at least a portion of said flexible sensor array comprises at least two ends of said flexible sensor array.

11. (Newly added) The optical device of claim 9, wherein said at least a portion of said flexible sensor array comprises at least two points located on a surface of said flexible sensor array.
